# MASSACHUSETTS RADIO COVERAGE

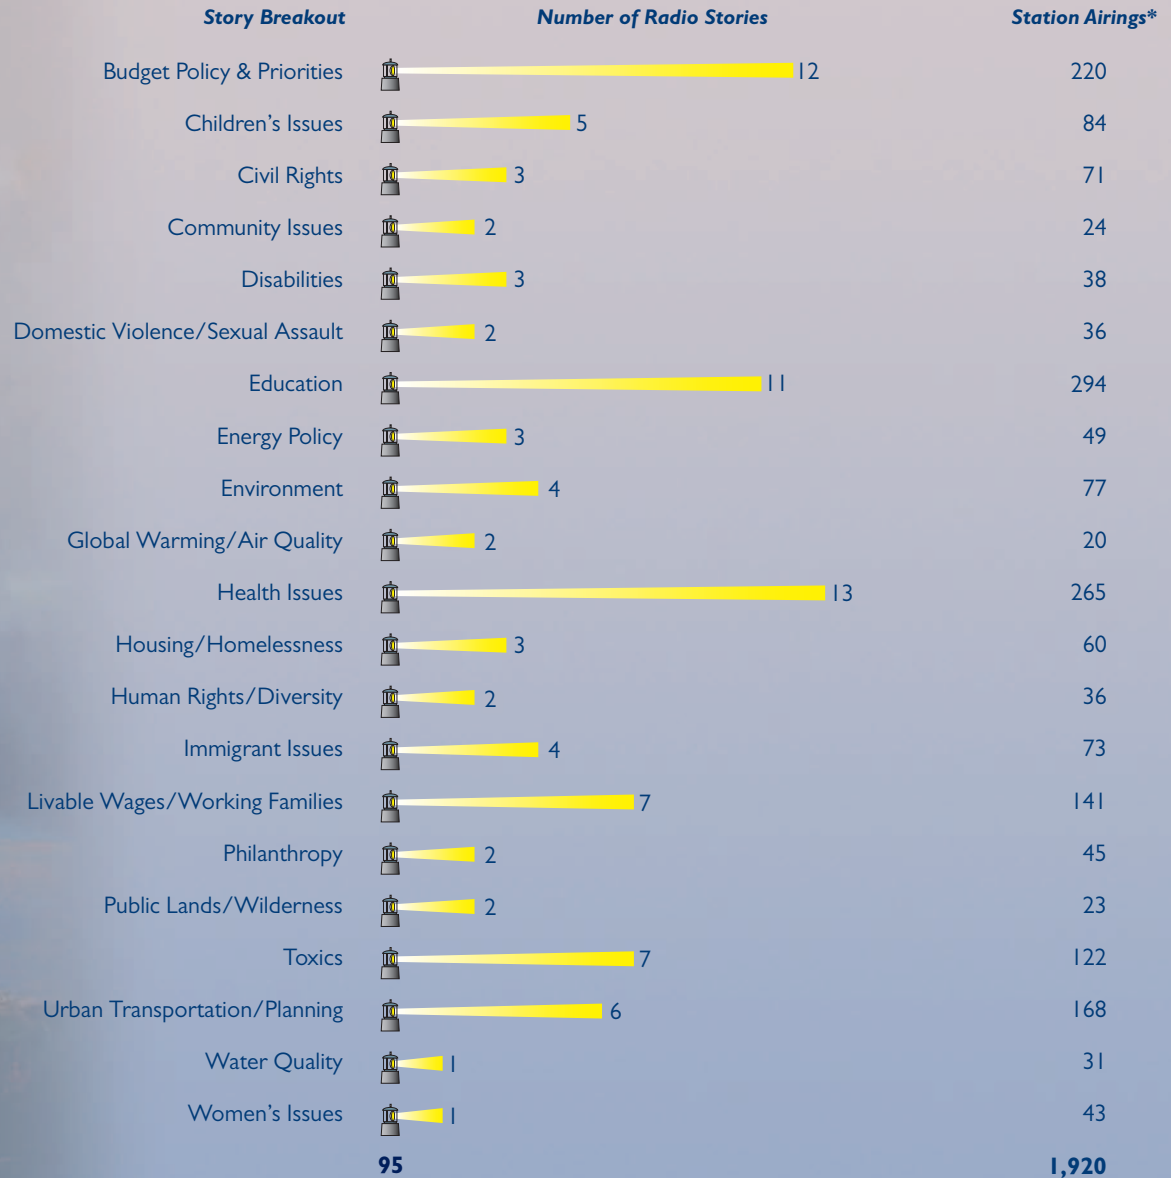

## Massachusetts Broadcasters

*“Clear and concise...It’s an excellent source of local news... Provides us with another source of stories with soundbites we don’t normally get.”*

“CNS enriches the public debate by providing lively and serious coverage about how what government does effects the lives of ordinary people. That’s the kind of news coverage that a healthy democracy really needs.”

**Noah Berger**  
Executive Director

Massachusetts Budget and Policy Center

\* Represents the minimum number of times stories were aired.
