# SOUTH DAKOTA RADIO COVERAGE

## South Dakota Broadcasters

*“I like the topics and it covers timely issues that I don’t have time to cover myself...It’s a great service...Like many small radio stations, I’m a one-person newsroom, so getting some help on stories with sound is great.”*

“The news and voices coming from Greater Dakota News Service have helped change the public dialogue and positively affected public policy and most people don’t even know about it. It’s one of the strongest reasons to support local independent media.”

**Scott Allen**

*Communications Director/Higher Education Organizer  
South Dakota Education Association*

“The News Service gives us valuable, consistent opportunities to get our message out in places we couldn’t reach on our own. The value of having a seasoned journalist on the public interest non-profit beat in South Dakota is immeasurable.”

**Eric Thompson**

*SD Tobacco-Free Kids Network*

\* Represents the minimum number of times stories were aired.
