# NEW YORK RADIO COVERAGE

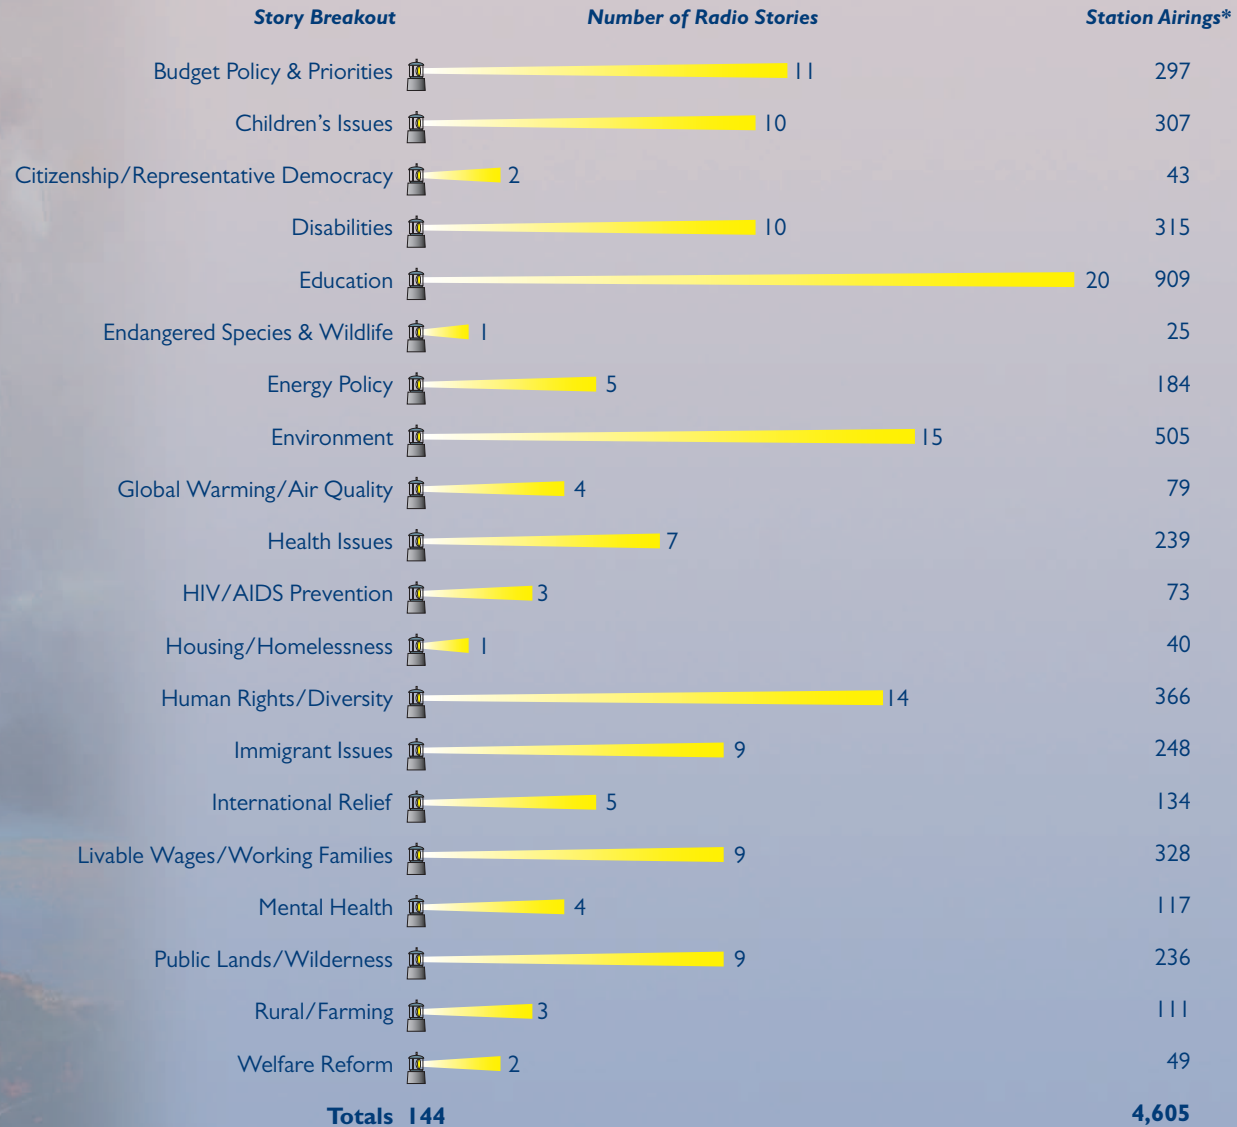

## New York Broadcasters

*“Gives us great info other market stations do not air...It gives us a chance to get new voices on the air with stories we would not normally have...It’s a handy additional tool for us, it extends our reach and enhances our product.”*

“NYNC has enhanced our media outreach by producing stories on our issues for radio stations throughout New York State. We would not have been able to reach out so broadly — where legislators and their constituents listen — in such a consistent and timely fashion. It’s easier for the stations to pick up on our stories — and they do.”
