

Big Sky Connection

2006 ANNUAL REPORT

In 2006, the Big Sky Connection produced 103 radio news stories, which aired more than 13,722 times on 96 radio stations in Montana and 1,465 nationwide.

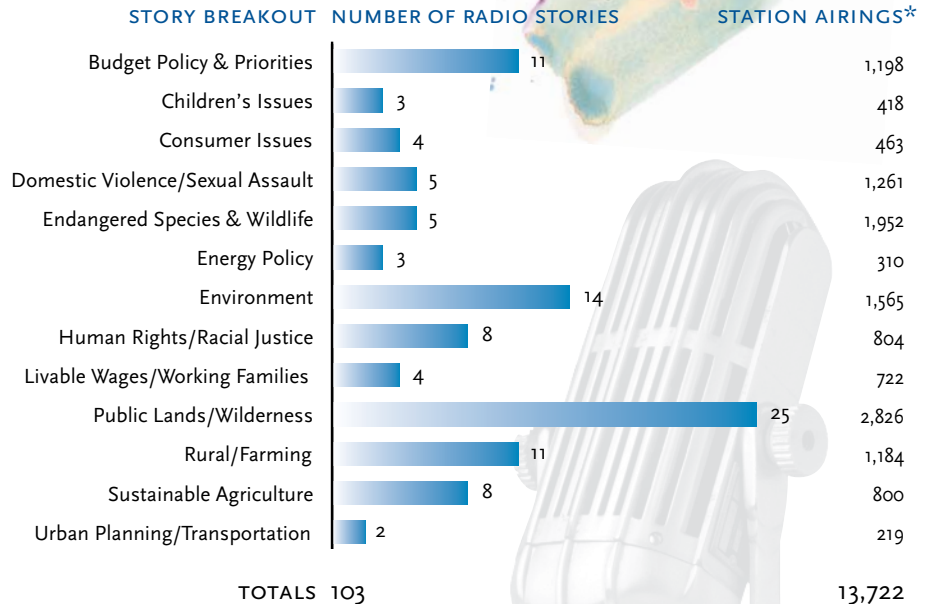

“Interesting subjects that we don’t get from our regular service... Variety of subjects/unique topics...Reliable and easy to use... Convenient and timely — useful... Easy to use, voice cuts from people I don’t have the time to call.”

MONTANA BROADCASTERS

“Big Sky Connection has helped the Corporation for the Northern Rockies (CNR) reach thousands of people throughout Montana with specific information on ways they can reduce their carbon footprint, protect the wildlife habitat, preserve open space and strengthen their local economy through their everyday choices. CNR’s survey data clearly demonstrates that the information is changing behavior toward sustainable living practices, which is great news for Montana.”
